This completes a closer look at the 'wrap around' or syndicated radio programs that are currently confirmed for CICB. In the months ahead and depending upon a positive outcome for this CRTC application, as CICB gets closer to a potential launch, it is likely there will be minor adjustments or tweaks to this current list. CICB's focus is on producing fresh new radio content to be produced locally in Sydney Cape Breton, Nova Scotia. As some of those new programs potentially come on stream, it is possible that some of the programs in this list may be replaced with new locally produced 'faith based' content.
